COMMANDER'S REPORT

Cdr. Jack Stange, AP

Hello everyone!

Our February General Membership meeting was well attended, this being our first in-person gathering since December's Holiday Party. A big thank you to Michael Richter for his video presentation on the marinas and surrounding areas we will visiting during this coming summer's cruise. Also, kudos to our education department instructors for teaching two ABC courses and the Marine Electrical Systems course during these next few months. We really hit the ground running in February.

As we move forward from our Winter activities towards our Spring activities, let me first congratulate the Captree Squadron as it will be celebrating its 71st Anniversary on March 19. From where I sit, I see this coming year to be as successful as our last 71 years. To start, on March 16, our General Membership meeting will feature the annual Elections of Bridge officers, assistant officers, and elected committee members. Please refer to the Slate included on page 6 of this ***LOG***. On April 20, our General Membership meeting will feature our annual Change-of-Watch (COW) ceremony. Both meetings will be held in-person at the Moose Lodge. I urge everyone to attend these important meetings.

On May 5 and 12, representatives from District will conduct Operations Training for our Bridge officers, their assistants, Executive Committee members, and any interested Captree members. In summary, the Operations Training program is a management tool which offers members the opportunity to learn about the workings of USPS, including the relationship among squadrons, districts, and the national organization. It includes insight into squadron education, training, meetings, USPS protocol and communications. Details will be forthcoming.

On a District level, March 4 is the next D-3 Council meeting via Zoom and April 3 is District's Memorial Service (tentative) to honor Squadron members within District 3 that passed away this past year. Our very own Jerry Cappa will be among those to be honored that day. I urge all Captree members to attend to honor Jerry. Lastly, District will hold its annual Spring Conference and COW on April 8 & 9 at the Melville Marriott. Flyers for the Saturday Luncheon and COW Dinner Dance are included in this ***LOG***.

Let me now share a recent experience with you. I have been a long-time member of the LI Maritime Museum in Sayville. As a member, I always looked forward to their Sunday afternoon speaker series. Pre-COVID, this multi week forum was excellent. Fast forward to the present day, when this past week I received an email announcing a talk on February 20 for which I quickly reserved a spot. While waiting at the check-in table that day, I looked around the room and noticed all the yacht club and squadron burgees mounted along the walls. Looking right, I saw the Great South Bay burgee; looking left and across the room, I saw Peconic Bay's burgee. Each burgee had a white place card identifying it and all were in alphabetical order. To my surprise, Captree's burgee was missing from the collection. When I asked about this, I was referred to the museum director Terry Lister-Blitman. Together we went through the collection and confirmed that no Captree burgee was there. I can now report that she was happy to accept our burgee to add to her collection, and the Captree Power Squadron burgee with an I D place card will join the LI Maritime Museum's collection of power squadron and yacht club burgees. This is just another example of Captree moving forward.

Jack

All is well at the Education Department.

We are currently running two courses: **Marine Electrical Systems** taught by Bob Fisher with 9 students and an **ABC** class in basic boating with 13 students taught by Gene Johnson, Charlie Virga, Charlie Cooper, and Bob Silz. Both courses are on Zoom and are running well.

We will hold another 5-week Zoom **ABC** class beginning Tuesday, March 22. Please solicit students for this class. They should contact Michael Richter at 516-526-8177 or www.CaptreeBoaters.com to enroll in this class.

We also plan to offer **Marine Navigation**, formerly known as **Piloting**, in the Fall at a yet to be determined date, time, and place (not on Zoom). Kathy and Frank Verderber will be teaching this course.

> ***Marine Navigation*** *(formerly offered as* ***Piloting****) is the first course in the sequence of USPS courses on navigation, covering the basics of coastal and inland navigation. This course focuses on navigation as it is done on recreational boats today and embraces GPS as a primary navigation tool while covering enough of traditional techniques so the student will be able to find his/her way even if their GPS fails. The course includes many in-class exercises, developing the student's skills through hands-on practice and learning. Ten classes of two hours each normally are scheduled for presentation of this course. In addition, the students have seven days to complete the open book final exam. Topics to be covered include:*
>
> - *Charts and their interpretation*
> - *Navigation aids and how they point to safe water*
> - *Plotting courses and determining direction and distance*
> - *The mariner's compass and converting between True and Magnetic*
> - *Use of GPS – typical GPS displays and information they provide, setting up waypoints and routes, staying on a GPS route.*
> - *Pre-planning safe courses and entering them into the GPS*
> - *Monitoring progress and determining position by both GPS and traditional techniques such as bearings and dead reckoning*
> - *The "Seaman's Eye" – simple skills for checking that one is on course*

We will be soliciting your interest in this class via e-mail shortly.

Teachers have a lot of class!

MEMBER INVOLVEMENT

March 2022 means that we are closer to taking the covers off our boats and getting them ready for the upcoming boating season. Let's all keep our fingers crossed that the weather improves sooner rather than later.

March is also a very important month for Captree as we will be holding our annual elections at the March General Membership meeting on March 16 at the Moose Lodge. Each year I write about the importance of this meeting since those elected will guide us and keep our squadron moving forward into the 2022-2023 fiscal year which begins on May 1, 2022 and continues through April 30, 2023.

Let me take you back in time and explain what took place behind the scenes during the 12 months prior to the upcoming March meeting to support the election process. The process actually started at last year's March election's meeting when a third member of the Nominating Committee was elected for a three-year term. The other two members of the Nominating Committee were elected in prior years, one in 2020 and the other in 2019, each for a three-year term. Our policy is that the member of the Nominating Committee who has only one year remaining in his/her term-of-office becomes the Chairperson of the Committee. In this case, Bob Silz became the Chairperson of the Committee for the 2021-22 fiscal year. Once that third member of the committee was sworn in at our April Change-of-Watch meeting, the fully staffed Nominating Committee embarked on finding qualified individuals to fill vacant elected positions they deemed would best support the interests of Captree. Those elected positions included all six Bridge positions, the Assistant Secretary, Assistant Educational Officer, Assistant Administrative Officer, Assistant Treasurer, all for a one-year term, and four Members-at-Large, each for a two-year term. In addition, they selected individuals to fill the vacant three-year term positions on the Nominating, Rules and Audit Committees.

The list of nominees that Bob and his committee recommended for our upcoming elections, AKA "Slate of Elections", had to be submitted to our Secretary forty days prior to our 2022 elections. Once submitted, it was published in both our February and March LOGs. See page 6.

It should be noted that if you, as a member in good standing of Captree, are interested in one of those positions mentioned above, as per our By-Laws, you must submit a petition signed by five Captree members in good standing fifteen days prior to the March Elections' meeting.

If for some reason, the Nominating Committee does not nominate someone for one of the positions to be elected, nominations from the floor will be accepted at the March Elections' meeting.

Once elected, the six newly elected Bridge Officers will request members to lead the various committees that report to them. Remember, I keep writing that there are many positions in Captree that must be filled each year in addition to those elected. For example, the Executive Officer has eleven committees or positions reporting to him/her, the Secretary has ten, and so on. A full list of all committees/positions under each officer can be found in your Roster.

Why do I continue to write about this? The answer is because it involves you, our members, to keep this Squadron afloat and moving in a positive direction. Therefore, please consider a position if you are asked, and get yourself involved.

Stay safe and stay healthy!

Charlie Virga
